

Week 17-April 27th-May 3rd

Weekly CCR Landfill Inspection Form

Inspection for Structural Weakness on GREC CCR Landfill:
The inspector shall inspect for: surface cracks both transverse or longitudinal; slides, sinkholes, or depressions; missing vegetative cover; animal burrows; vegetation larger than two (2) inches in diameter; accumulated liquid; and surface discoloration indicating ash discharge from the landfill.

Inspection Findings:

- Light wildlife traffic
- Slight erosion near top on Southeast corner
- 3 foot tall tree noticed on top of landfill near the SE corner

Action Taken:

- Animal control
- Reseed as part of routine maintenance of vegetative cover
- Remove tree
