

WOODARD HOLLOW RULES

The following lake rules apply for the Woodward Hollow area on Grand Lake:

- 1 - All watercraft wider than 8.5 feet shall operate at "Idle" and avoid producing a wake at all times in Woodward Hollow. (If the vessel is wider than 8.5 ft, Woodward Hollow is no wake for the vessel at all times regardless of length).
- 2 - All watercraft longer than 30 feet shall operate at "Idle" and avoid producing a wake at all times in Woodward Hollow. (If the vessel is longer than 30 ft, Woodward Hollow is no wake for the vessel at all times regardless of width).
- 3 - All Watercraft must stay to the right of the center lane of buoys and at least 150 feet away from any dock, breakwater, structure, or shoreline.

DUCK CREEK RULES

The following lake rules apply for the Duck Creek area on Grand Lake:

- 1 - All watercraft wider than 8.5 feet shall operate at "Idle" and avoid producing a wake at all times in Duck Creek. (If the vessel is wider than 8.5 ft, Duck Creek is no wake for the vessel at all times regardless of length).
- 2 - All watercraft longer than 30 feet shall operate at "Idle" and avoid producing a wake at all times in Duck Creek. (If the vessel is longer than 30 ft, Duck Creek is no wake for the vessel at all times regardless of width).
- 3 - All watercraft smaller than both measurements listed above may operate on plane not to exceed 30 mph in Duck Creek from official sunrise to official sunset.
- 4 - All Watercraft must stay to the right of the center lane of buoys and at least 150 feet away from any dock, breakwater, structure, or shoreline.
- 5 - As shown on the map provided, the area between the two red lines (indicated by buoys on the water) known as "The Turn" is a no wake zone for all vessels at all times.
- 6 - Areas north of "The Turn" are No Skiing areas, and the vessel size restrictions mentioned above apply to this area as well.

Date Specific Rules

- 7 - All watercraft must "Idle" and avoid producing a wake from official sunset to official sunrise (night time) in Duck Creek between May 1 and Oct 1. (No wake in Duck Creek for all vessels at night).
- 8 - On the actual day of the Duck Creek Fireworks, all watercraft shall operate at "Idle" and avoid producing a wake at all times in Duck Creek (all day, all night).
