Description of Amendment or Clarification:

a. This is to incorporate the following (this box expands based on size of text):

It was noted upon further review of the RFQ pricing that GRDA is requesting that we overlooked a key component: pricing for parts.

The bid pricing sheet has been updated to include a section four (4) for parts. Due to fluctuating prices in this category, we are asking vendors to please submit a general percentage markup that will apply to all parts that are needed when completing maintenance and repairs. Please see below.

Please utilize this updated bid pricing sheet when submitting your bid.

In addition to this, a generator replacement schedule has been provided on our anticipated replacement of the Onan models over to Generac:
