RFQ 4082 – Questions & Answers

(Answers in red)

1) Will Federal Funding be associated with this request?
   There will be no federal funding associated with this project.

2) Will GRDA accept our standard terms and conditions for this order?
   GRDA's preference is to utilize our own terms and conditions for orders, or for vendors to submit exceptions/redlines to our terms for review. If this is not acceptable, other terms will need to be reviewed and approved by our legal department before any award.

3) Is there a connection with a nuclear facility associated with this request?
   No.

4) Can you confirm that you are purchasing the standard product?
   As far as we are aware, we will be purchasing the standard product.

5) For these PTs and CTs, they're for stock/spares, correct? Do you need them by a specific date?
   Yes, that is correct, these are stock items. We don't have a specific need by date, just the sooner the better. Lead times will be included as part of the evaluation.

6) Do you have reference drawings for this equipment?
   Unfortunately, we do not have any reference drawings available for this RFQ.
